

Path of the Thunderbird Evergreen, Colorado – Hiking Adventure

Dear Kids,

When you finish reading *Path of the Thunderbird: A Grand Canyon Adventure*, you will know what Nate, Kira, Oz, and Hope saw during their 9-day, 30-mile adventure at the Grand Canyon. Then it's time for you to decipher the clues below and begin your own adventure.

As Gramps said in his letter, "Look, listen, be observers of all things beautiful, scary, and mysterious. Rely on your senses and document your thoughts..." Keep notes and drawings in a journal and take photos of the wildlife, the plants, the rivers/creeks, the rocks you see and the sounds you hear as you travel with your family and observe our treasured mountain landscape.

Have fun!

Sara Miller & Pat Toole
